

Ligno Magno Custom Blend

Safety Data Sheet

SECTION 1: MATERIAL IDENTIFICATION AND GENERAL INFORMATION

Common Name : Ligno Magno Custom Blend Road Stabilizer and Dust Suppressant
Chemical Name : Magnesium Chloride Solution with Ligninsulfonate
Product Use : Dust suppression, general industrial and speciality uses

Details of the supplier of the safety data sheet

Lyman Dust Control
P.O. Box 1460
Hayden, ID 83835-1460
Phone: 1-800-952-6457
www.lymandustcontrol.com

Emergency telephone number

No additional information available

SECTION 2: HAZARDOUS INGREDIENTS

Emergency overview

CAUTION - MAY CAUSE EYE IRRITATION

This MSDS has been compiled as a response to customer requests to address the safe handling of magnesium chloride solution with ligninsulfonate.

THIS PRODUCT IS NOT REGULATED UNDER OSHA. It does not contain any hazardous components.

Potential short term health effects

Routes of exposure	May cause irritation.
Eyes	Non-irritating to the skin.
Skin	May cause respiratory tract irritation.
Inhalation	May cause stomach distress, nausea or vomiting.
Ingestion	Eyes. Respiratory system.
Target organs	None known.
Chronic effects	Symptoms of overexposure may be headaches, dizziness, tiredness, nausea and vomiting.
Signs and symptoms	
Eye, Skin contact, Inhalation, Ingestion.	

SECTION 3: PHYSICAL DATA / INFORMATION ON INGREDIENTS

Boiling Point (C) :	104 Degrees C/220 Degrees F	Specific Gravity (25C):	: 1.20 - 1.36
Chemical Name :	Minus 5.6	Solubility in Water:	: 100%
Product Use :	N/A	Evaporation Rate:	: N/A
Vapor Density (Air = 1) :	N/A	Percent Volatile By Volume (%) :	45.0 (Water) 47 - 51
Appearance and Odor :	Brown Viscous Liquid w/Slight Odor	:	:

Ingredients

Magnesium Chloride
Water
Ligninsulfonate

CAS Number

7791-18-6
7732-18-5
8062-15-5

SECTION 4: HEALTH HAZARD DATA / FIRST AID MEASURES

- Inhalation : If symptoms develop move victim to fresh air. If symptoms persist, obtain medical attention.
- Skin Contact : Flush with cool water. Wash with soap and water. Obtain medical attention if irritation persists.
- Eye Contact : Flush with cool water. Remove contact lenses, if applicable, and continue flushing. Obtain medical attention if irritation persists.
- Ingestion : Do not induce vomiting. Rinse mouth with water, then drink one or two glasses of water. Obtain medical attention. Never give anything by mouth if victim is unconscious.
- Toxicity : LD50, Toxicological studies on lignosulfonates indicate that they are non toxic. During rat tests to determine toxicity where lignosulfonates were administered orally, no deaths were produced.

In the literature, LD50 for lignosulfonates has been reported to be 20,000 mg/kg body weight by ingestion. Materials with LD50 values of 5,000 mg/kg of body weight and greater are considered to be non-toxic.

- Carcinogenicity : None
- Mutagenicity : None
- Reproductive Effects : None
- Synergistic Substances : None
- Sensitization Effects : None
- Irritation : Practically None

SECTION 5: FIRE AND EXPLOSION HAZARD DATA

- Flash Point (Method Used) : Not Applicable
- Auto Ignition Temperature : Not Applicable
- Flammable Limits in Air, % By Volume : Not Applicable
- Extinguishing Media : Water Spray, Carbon Dioxide, Dry Chemical, Alcohol - Type of Universal Type Foams
- Special Fire Fighting Procedures : Use Supplied Breathing Air and Protective Clothing
- Unusual Fire and Explosion Hazards : None
- NFPA Classification : Health = 0 Flammability = 0 Reactivity = 0

SECTION 6: ENVIRONMENTAL PROTECTION PROCEDURES

- Spill Response : Dam Spill, Retrieve Liquid Where Possible, Prevent entry into waterways, sewers, basements or confined areas. Flush with water.
- Waste Disposal Methods : Small spills may be absorbed with non-reactive absorbent and placed in suitable, covered, labelled containers. Finish cleaning by spreading water on the affected surface and dispose of according to local and regional authority requirements

Ligno Magno Custom Blend

Safety Data Sheet

SECTION 7: REACTIVITY DATA

Stability	: Normally stable, stable below 200°C.
Hazardous Polymerization	: Will not occur.
Incompatibility	: Strong oxidizing agents, concentrated acids, Nitric acid. Avoid contact with these materials.
Conditions to Avoid	: Contact with above materials. Heating material to dryness and further to 200 degrees C. Contact with strong base.
Hazardous Decomposition Products	: Sulfur dioxide (SO ₂), Carbon oxides (CO ₂ , CO), Nitrogen Oxides (NO _x). Ammonia may be released if strong alkali is applied.

SECTION 8: SPECIAL PROTECTION INFORMATION

Ventilation Requirements	: Adequate ventilation for comfort is recommended
Respiratory Protection	: N-95 Recommended When Conditions Warrant
Skin Protection	: Rubber Gloves Recommended
Eye Protection	: Goggles/Face Shield recommended for prolonged exposure
Other Protective Equipment	: Wear Protective Clothing, Avoid Prolonged Exposure To Clothing That Contains Product

SECTION 9: SPECIAL PRECAUTIONS

For Repair/Maintenance of	: Flush With Water Until Clean And Use Good Maintenance Practices To Maintain Equipment
Hygiene in Handling/Storage	: Daily Changing Of Clothing That Contains Product Is Recommended.

SECTION 10: PERMITTED USES OF LIGNOSULFONATES

21 CFR 178.3120 Adjuvant For Glue	21 CFR 176.210 - Components Of Paper
40 CFR 180.1001 Pesticides Formulations	21 CFR 177.1210 - Gaskets For Food Additives
21 CFR 176.120; 176.170; 176.180; Components Of Paper	21 CFR 175.105 - Components Of Adhesives
21 CFR 173.310 - Boiler Water Additives	21 CFR 573.600 - Animal Feeds
21 CFR 172.715; 182.99 - Pesticides For Formulations	For Use as a Dust Abatement For Fugitive Dust Control

SECTION 11: ECOLOGICAL INFORMATION

Ecotoxicity	: May be harmful to freshwater aquatic species and to plants that are not saline tolerant.
Environmental effects	: Not Available

SECTION 12: TRANSPORTATION INFORMATION

U.S. Department of Transportation (DOT)	: Not regulated as dangerous goods. Not regulated as hazardous.
Transportation of Dangerous Goods (TDG-Canada)	: Not regulated as dangerous goods. Not regulated as hazardous.

SECTION 13: REGULATORY INFORMATION

U.S. Federal regulations	: This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the U.S. EPA TSCA Inventory List.
OSHA Status	: Not Listed
TSCA Status	: Not Listed
CERCLA (Superfund) reportable quantity	: None

Ligno Magno Custom Blend

Safety Data Sheet

SARA Section 302 Extremely Hazardous Substances : Not Listed

SARA Section 311/312 Hazard Category : Not an OSHA hazardous material

SARA Section 313 Toxic Chemical : Not an OSHA hazardous material

RCRA Status : Not Listed
